Whether you operate a business, manage an industrial operation, work in trades and construction or are a home repair enthusiast, we are your one-stop service centre for all power tool repairs.

We Are The Repair Service Centre For All Power Tools

We stand behind every repair and work hard to uphold our reputation for superiority. Our competitive advantage is our commitment to customer satisfaction, which is supported by an ongoing dedication to staying current with the technical expertise and demands of our industry.

Is Your Equipment Stationary or Just Too Large to Bring in to Our Shop?

We offer service calls and we perform on-site repairs on most equipment. We can set your shop up on a routine maintenance program where we will come and maintain your required equipment on a monthly, weekly or even yearly schedule, whatever works best for you and your equipment.

We will strive to keep your shop in top working order so you can do your jobs at peak efficiency. We understand that time is money and we will do everything we can to keep your operation up and running.

We will be offering Torque Wrench Calibration Certification Services in 2021

The torque wrench is used in a full range of industries, including aviation, automotive, nuclear, wind energy and industrial. Regular testing and routine calibration is required for these indispensable tools that support critical processes from assembly line manufacturing to wind turbine installations. Our Torque Wrench Calibration Services keep high-functioning tools in your hands for maximum on-the-job reliability.

Custom Hydraulic hose

Hydraulic hoses don't last forever and will break down under the strain of twisting, stretching, crushing high temperatures, and ordinary wear and tear. Our goal is to build and design a custom hose to meet your needs with minimum down time while still being cost efficient.

We offer quick turnaround times on most repairs so that you can maintain your work-flow with minimal to no downtime.

We Service and offer parts for:

- Lifting Equipment (Plate Clamps, Beam Clamps & Beam Trolleys)
- Lever and Chain Hoists (Manual & Electric)
- Wire Rope Pullers
- Gas Powered Equipment
- Generators
- Pressure Washers
- Variety of Pumps
- Torches & Regulators
- Piping & Electrical Equipment
- Pneumatic Tools & Equipment
- Hydraulic Tools & Equipment
- Annular Cutter Sharpening
- Welding and Welding Products
- On-site Servicing
